## **TSC Apparel Acquires Sol Shultz & Company**

Cincinnati, OH – TSC Apparel, a division of ProFill Holdings, has acquired Dayton Ohio based Sol Schultz & Co. In making the announcement, Bob Winget, Co-President of TSC Apparel, stated that the company would continue with a presence in the Dayton area but would consolidate much of the business into its Cincinnati-based distribution center and corporate offices.

Sol Schultz & Co. has operated as a distributor to the imprinted sportswear industry since 1974. Products from Jerzees and Gildan make up the majority of the company's line but they also carry an assortment of athletic and team styled products from other manufacturers. TSC Apparel has long been recognized as a pioneer in the industry, originally doing business as T-Shirt City in the east and California Shirt Sales in the west. Late last year ProFill also acquired Georgia Tees, a long-time regional distributor based just north of Atlanta.

Sidney Schultz, President and son of the founder Sol Schultz, commented "It was a difficult decision, but we decided that it would be best to focus on our retail business, GS Outfitters. My father started Sol Schultz & Co. in 1930 as a dry goods wholesaler serving the many retail clothing stores that once flourished in the Dayton-area. Times changed and the business changed, but the small-town, service first approach to the business did not. We are pleased that we were able to find in TSC Apparel a customer-focused company that will continue to provide our many loyal customers with the quality service that Sol Schultz & Co. is known for."

ProFill CEO Rick Mouty added, "We are excited about the opportunity to serve Sol Schultz's customer base. And I believe their customers will also be pleased with everything that TSC has to offer. This type of acquisition is perfect fit for us because it is so well aligned with our 'large enough to fill your needs, small enough to care' mission statement. The company will continue to seek out similar type acquisitions in the future."

ProFill Holdings is a national supplier of products and services to the licensed products, advertising specialty, and uniform industries. The company's TSC Apparel business sources and stocks more than 30 brands and 600 styles of tees, fleece, headwear, sport shirts, outerwear, and accessories from locations in Cincinnati, Atlanta, and Los Angeles.
