TSC Apparel and Georgia Tees to Join Forces

Cincinnati, OH – ProFill Holdings announced today a merger between ProFill subsidiary TSC Apparel and Georgia Tees, a privately held apparel wholesaler located in Acworth Georgia.

Both TSC Apparel and Georgia Tees supply imprintable sportswear to the Licensed Apparel, Corporate Promotional Products, and Uniform industries. TSC Apparel, the successor company in ProFill's 2000 acquisition of T-Shirt City and California Shirt Sales, operates from locations in Cincinnati Ohio and Fullerton California. Georgia Tees, which is headquartered 30 miles northwest of Atlanta, complements TSC's locations with its ability to provide next-day ground shipping across much of the southeast.

In making the announcement, ProFill CEO Rick Mouty stated, "The alignment between the two companies was near perfect with respect to geographic locations, existing mill partners, and the value added services we both currently offer to our customers. From a strategic perspective, the merger creates strength to capitalize on growth opportunities that were less attainable individually. We very much look forward to adding the industry knowledge and talents of Jim Eaton and Drew Arnold to our leadership team."

Jim Eaton, President of Georgia Tees, commented, "For some time now, my partner Drew Arnold and I have felt that joining forces with an industry leader was the right thing to do for our company...and ProFill was a perfect fit for us. We are most excited about the positive impact this merger will have on our customers – a greatly expanded product offering, deeper on-hand inventories, and a much broader next-day shipping footprint."
